

ACMA File Ref: 2007/1917

3 October 2007

Dear Sheikh Haron,

**RE: Investigation into ATN 7's broadcasts of *Sunrise* on 4 July 2007 and *The Morning Show* on 5 July 2007**

I refer to your letter of complaint received by the Australian Communications and Media Authority (ACMA) on 17 September 2007 about comments made during the above-mentioned programs.

ACMA has decided to investigate your complaint that these comments were insulting to Muslims and discriminated against Muslims.

ACMA has asked the licensee to provide a recording of the broadcasts and comments regarding their compliance with relevant provisions of the *Commercial Television Industry Code of Practice 2004 (the Code)*.

The investigation may take several months, including preparation of a report and internal clearance. I will advise you of ACMA's findings when the investigation is finalised.

Yours sincerely

David Smith
